

When a Vampire Coughs or Sneezes

Students need:

- a vampire picture
- crayons
- scissors
- glue

1. Instruct students to cut along the dotted line so vampire is now separate from the cape.
2. Cut out the cape.
3. Glue strip of cape to strip on vampire.
4. The cape can go back and forth whenever our vampire coughs or sneezes.
5. Students can color it in.
