K-12 STEM ENQUIRER

WOW!

When you need STEM resources and ideas, check out the Educational Outreach WOW! program. We offer lessons, activities, demonstrations, materials, and videos. We have resources for K-12 teachers and everything is always free to all teachers in the area!

In This Issue...

	Pg.
WOW!	1
Science Fair Judges	2

- WPAFB volunteers can visit your classroom and present our lessons and hands-on activities.
- You can borrow any of our materials (we'll deliver) – to run a WOW! lesson or supplement your own lessons.
- All of our lessons have been made into videos that you can use in your classroom. These are beneficial when you can't schedule an in-person visit.
- Our lessons can be presented to your students through Zoom or Google Meet when sending a visitor into your classroom isn't a possibility.
- And much more!
